

# Pollution Prevention (P2) Plan

This document is designated by the City of Toronto for use by the health care sector as a Pollution Prevention (P2) Plan, pursuant to Municipal Code Chapter 681. A completed Plan must be submitted to Toronto Water every six years and a copy kept at the facility for inspection by the City. If you would like a copy of this form in an alternate accessible format, please contact 311 (www.toronto.ca/311).

<b>1. Facility Information (Required)</b>		
Facility Name	Address (Street Number, Name, Suite/Unit Number, City, Province, Postal Code)	
Name (First, Last) of Senior Official Responsible for the P2 Plan		Position Title
Business Telephone Number	Business Fax Number	Business Email
NAICS Code (Check all that are applicable) <input type="checkbox"/> 622110 General Medical and Surgical Hospitals <input type="checkbox"/> 622210 Psychiatric and Substance Abuse Hospitals <input type="checkbox"/> 622310 Specialty (except Psychiatric and Substance Abuse) Hospitals <input type="checkbox"/> 621511 Medical Laboratories		
Ontario Waste Generator Number		Waste Classes
<b>2. Management Policy Statement</b> (A sample management policy statement is attached. The sample policy can be adopted as it is or can be modified. The facility can also develop its own Management Policy Statement.)		

## Pollution Prevention (P2) Plan

<b>3. Number of Subject Pollutants Identified (List the subject pollutants)</b>			
Mercury	Yes	No	Chloroform
Zinc	Yes	No	Xylene
Toluene	Yes	No	Nonylphenol ethoxylates
Nonylphenols	Yes	No	
	Yes	No	

<b>4. Processes that Use/Produce a Subject Pollutant and are Targeted for Pollution Prevention</b>			
<b>Research Laboratories</b>	Yes	No	How Many?
Process Description			
Is the process subject to P2 Planning?	Yes	No	
What is (are) the subject pollutant(s) used/produced?			
<b>Diagnostic Laboratories</b>	Yes	No	How Many?
Process Description			
Is the process subject to P2 Planning?	Yes	No	
What is (are) the subject pollutant(s) used/produced?			
<b>Inpatient Areas</b>	Yes	No	How Many?
Process Description			
Is the process subject to P2 Planning?	Yes	No	
What is (are) the subject pollutant(s) used/produced?			
<b>Diagnostic Imaging</b>	Yes	No	How Many?
Process Description			
Is the process subject of P2 Planning?	Yes	No	
What is (are) the subject pollutant(s) used/produced?			

# Pollution Prevention (P2) Plan

<b>Graphic Centre and Print Shop</b>	Yes	No	How Many?
Process Description			
Is the process subject to P2 Planning?	Yes	No	
What is (are) the subject pollutant(s) used/produced?			
<b>Pharmacy with Satellite Units</b>	Yes	No	How Many?
Process Description			
Is the process subject to P2 Planning?	Yes	No	
What is (are) the subject pollutant(s) used/produced?			
<b>Central Service Department</b>	Yes	No	How Many?
Process Description			
Is the process subject to P2 Planning?	Yes	No	
What is (are) the subject pollutant(s) used/produced?			
<b>Housekeeping Department</b>	Yes	No	How Many?
Process Description			
Is the process subject to P2 Planning?	Yes	No	
What is (are) the subject pollutant(s) used/produced?			
<b>Dentistry Department:</b> (a separate Dental Clinic P2 form needs to be completed)	Yes	No	How Many?
Process Description			
Is the process subject to P2 Planning?	Yes	No	
What is (are) the subject pollutant(s) used/produced?			
<b>Plant Operations Department</b>	Yes	No	How Many?
Process Description			

# Pollution Prevention (P2) Plan

Is the process subject to P2 Planning?	Yes    No
--	-----------

What is (are) the subject pollutant(s) used/produced?	
---	--

<b>Other (Describe)</b>	Yes    No    How Many?
-------------------------	------------------------

Process Description:

Is the process subject to P2 Planning?	Yes    No
--	-----------

What is (are) the subject pollutant(s) used/produced?	
---	--

**5. Description of Types, Quantities, and Concentrations of Subject Pollutants Discharged to Sanitary Sewer**

Subject Pollutant	Amount Used (kg)	Concentration in Sanitary Sewer (mg/L)	Volume of Wastewater Discharged to Sanitary Sewer (Litres)	Subject Pollutant Discharged to Sanitary Sewer (kg)	Subject Pollutant Discharged to Other Media (kg)

**6. Description of Current Waste Reduction, Recycling, Treatment and P2 Activities**

Subject Pollutant	Process	Current Waste Treatment Method	Current Offsite Recycling Practice	Current Pollution Prevention Practice

# Pollution Prevention (P2) Plan

7. Description of Proposed Pollution Prevention Options		
Subject Pollutant	Process Targeted	Details of Proposed Pollution Prevention Option

8. List of Possible 3 and 6 Year Targets						
Subject Pollutant	Previous P2 Plan Achievement		New Reduction Targets			
			Three Year Target for Reduction / Elimination		Six Year Target for Reduction / Elimination	
	6-yr Target	6-yr Reduction	kg	%	kg	%

# Pollution Prevention (P2) Plan

<b>9. Declaration</b>	
As the <b>senior management official at this facility</b> , I <b>represent and declare</b> that this Pollution Prevention (P2) Plan and all information and supporting documentation contained in or with this Plan comply with Chapter 681 and are accurate and complete to the best of my knowledge. I undertake to comply with this Plan and make it readily available for inspection at the subject premises by the representatives of the City of Toronto.	
<b>Signature</b>	<b>Date (yyyy-mm-dd)</b>

### **SAMPLE MANAGEMENT POLICY**

\_\_\_\_\_ is a health care community dedicated to excellence in the care  
 (Facility Name)  
 of our patients. This dedication to excellence is a manner that minimizes undue risk and adverse environmental impacts on human health and the natural environment.

We commit ourselves to striving for continual improvement of our environmental performance and the prevention of pollution through the reduction of subject pollutants. In doing so the AGH will at a minimum comply with, or when possible exceed all legal requirements through the application of sustainable development practices.

We will reduce and or eliminate the discharge of subject pollutants where possible through development of a pollution prevention plan. Whenever possible we will reuse and recycle materials in an environmentally responsible manner. Where it is not possible to reuse or recycle materials, we will ensure that the materials are disposed of in a manner, which is compliant with all relevant laws.

The Environmental Manager will be responsible for leading the in-house Environmental Committee in the pollution prevention mandate. All employees will be empowered to develop pollution prevention solutions. Communication on the success of the pollution prevention program will be communicated to all employees and interested external parties.
