**ADDENDUM NO. 3**

**Request for Proposal (RFP) No. 3405-17-0035**

**Re: Mobile Dispatch Software Solution for Paramedic Services  
(Two-Envelope System)**

**CLOSING DATE: February 28, 2018, 12:00 O'CLOCK NOON (LOCAL TORONTO TIME)**

**I. QUESTIONS & ANSWERS:**

- Q7. RFP Addendum 1, page 2, fourth paragraph and Section 2.1.5 Mobile Workstations, page 9, Alternate Screen: paragraph 2 states: "The current application also collect the status of two (2) digital inputs and sends them to the server together with the GPS information." Please identify and describe the usage of the two digital inputs referenced.
- A7. The two inputs collect the Emergency lights status "on-off" and the transmission "park/drive" status. They are used for investigations (Emergency lights) and for auto-status computations (transmission state). The two signals are only utilized at the server end and by in-house developed applications. They are displayed in the CAD activity log.
- Q8. RFP Section 5.3 Proposal Content, Subsection 7 – Cost of Services, Item C. Optional and/or Additional Pricing, paragraph 3, page 28 states: "A detailed cost summary of exclusions along with justification for the need must be provided." Please clarify or identify the type or nature of the exclusions and justifications required.
- A8. This section covers items that are not part of the RFP. See A9 below for an example. Any items included here will not be scored. If an item included here is part of the RFP, the applicable rated requirement will receive a score of zero. Please note that a Form has not been provided in Appendix D for this Section. If required, please include your own form for Optional and/or Additional Pricing. Please also note that this is not the same as Appendix D, Table E, Additional Costs.
- Q9. We can offer a smartphone or tablet device application for the iOS and/or Android environments, would the City like us to propose this in our response to Toronto Paramedic Service? And, if so, how many device licenses would you like us to quote?
- A9. You may include as an option and quote a licence cost for 20 devices as per Section 5.3, Subsection 7, item C, Optional and/or Additional Pricing.

All other terms and conditions remain the same.

Please attach this addendum to your Request for Proposal document and be governed accordingly.

**NOTE:** Bidders are reminded that the following statement appears on the Request for Proposal Form:

**“I/WE ACKNOWLEDGE THE RECEIPT OF ADDENDUM \_\_\_\_ TO \_\_\_\_ DATED \_\_\_\_ TO \_\_\_\_.**

**As such, bidders are required to acknowledge all addenda in the space(s) provided on the Request for Proposal Form or your submission will not be considered.**

Should you have any questions regarding this addendum, contact Theo Maicantis, Corporate Buyer at [tmaican@toronto.ca](mailto:tmaican@toronto.ca)

Sincerely,

Leanne Dacosta, Supervisor  
Purchasing, Goods and Services
