## Noise Regulations

---

Toronto Municipal Code [Chapter 591](#), Noise, provides standards for noise and applies to all properties within the City of Toronto, with the intention of reducing the impact of unwanted sound on the residents of the City. It prevents persons from making, causing or permitting any noise, which is likely to disturb the quiet, peace, rest, enjoyment, comfort of City inhabitants.

It also applies to construction noise. Vehicles or equipment operating in connection with the construction of any building are prohibited during certain periods, including after 7:00 p.m. and before 7:00 a.m. Monday to Friday, 7:00 p.m. to 9:00 a.m. on Saturday, and all day on Sunday or and statutory holidays. Review Chapter 591 for more details.

Noise exemption permits can be requested for special events, events in parks and/or construction outside of permitted hours. Requests for permits will be sent to the ward Councillor. Visit [www.toronto.ca/propertypermits](http://www.toronto.ca/propertypermits) for more detail.
